SOLUTIONS, INC.

Elevate Safety. Reduce Costs. Enhance Community Living.

Hybrid Security Solution

In today's residential communities, 24/7 manned security is the norm, managing access and providing concierge services. USI offers a revolutionary approach that combines **traditional security with advanced technology**, delivering enhanced protection and significant cost savings.

Optimize Overnight Security

By reallocating 8 overnight hours (56 hours weekly) from on-site guards to USI's state-of-the-art Security Operations Center, communities can:

- ✓ Achieve Annual Savings of \$50,000–\$60,000
- ✓ Enhance Security with Licensed Remote Guards
- ✓ Implement Advanced License Plate Recognition
- ✓ Maintain a Centralized Visitor Database
- ✓ Ensure Higher Verification Standards
- ✓ Utilize Comprehensive Video and Audio Recording

Commitment to **Your Community**

Our licensed remote guards are trained to monitor and respond to incidents in real-time, providing peace of mind during the quiet overnight hours. With advanced technology and a proactive approach, USI helps your community remain **safe, welcoming, and cost-efficient**.
